

Sunae Kim

MEG 2

From: South Korea

Currently living in: Bangkok, Thailand

Life after MEG:

Sunae has been working for more than 13 years in rural and agricultural development with an international finance institution, multiple UN agencies (FAO, ITC, UNESCO, UNOPS and IFAD) and national institutions. She held various roles: portfolio manager, project leader, environment and climate change specialist and agricultural policy analyst.

Over the last five years, she has been focusing on identification, development and management of loans and grants on agribusiness, value chain development, farmers association, rural financing, water user associations and agricultural policies. Before MEG, she did an Honours BA in Architectural Studies at the University of Toronto in Canada.
